

Brighton Waldorf School | Examinations Data 2014 to 2019

The Brighton Waldorf School is proud of its pupil's achievements and attainment at GCSE outcomes. Each cohort and data sets reflects the attainment reached by the individuals that contribute to that group outcome, and while the data is reported accurately, it is not always indicative of the either the Learning & Teaching Journey that the individual person has made, or more impertinently does not quantify the personal success and growth that the person may have made in aspiring and achieving through their education.

At the Brighton Waldorf School we provide a board Waldorf curriculum that harnesses both academic and creative subjects that are delivered in balance with the age appropriateness of the person. In a real way our curriculum reconciles the difference between aspiring and attaining well in learning but also having a balanced, happy and safe childhood within education.

Mr Damian Mooncie | School Director
